Dear Mr Palmen

APPRECIATION : ELECTRONIC EQUIPMENT IN CLASSES AND SCHOOL LIBRARY

I would hereby like to request you extend a hearty thank you to the sponsors of above mentioned equipment to our school.

Both our school library/media centre with 20 new WiFi connected computers and our Life Sciences (Biology) classes are going to cause learners to attain immense academic advantage regarding curriculum delivery.

We are presently writing our year final exams and will be using these two locales in full mode from 2020.

Wonderful developmental opportunities have been opened for our learners through your sponsorships, something to be used for quite some time into the future.

With much appreciation.

Yours sincerely

R. McKNIGHT
